Masterpiece

You are a builder of sorts — you've built a family, a career and a life you can be proud of. You appreciate quality, and every masterpiece you build is a product of your heart, your hands and your hard work. Now it's time to celebrate a job well-done. Invest in yourself and experience a new kind of masterpiece — one that can transport you to some of the most breathtaking views you can imagine.

The London Aire Luxury Coach is more than a motorhome — it is the flagship of the Newmar product line and the ultimate industry benchmark. The London Aire exists for those who appreciate the best in unparalleled quality, engineering excellence and inspired design. Inside and out, the London Aire combines beautiful details and luxury amenities that add enjoyment to every travel adventure. Step inside and experience the distinction.

Uncompromising Quality

The London Aire sets new industry standards for luxury and comfort. At Newmar, we are proud to offer you the finest and are always looking for ways to create travel experiences to fit your lifestyle. That's why we consider customer suggestions in every product we build. In fact, some of the London Aire's new features for 2002 originated from listening to good ideas. For instance, we redesigned the entrance power step to make it easier to get in and out and see the sights. We also created new graphics that add beauty and style to the London Aire's exterior. Uncompromising quality and comfort throughout — that's the beauty of the London Aire.

Inside the Masterpiece

You deserve the best life has to offer — like a truly magnificent RV that turns heads, providing you with all the comforts you desire and more amenities than you can imagine. Your wishes have been answered with the London Aire Luxury Coach, complete with new features for 2002. We've introduced five new interiors with color options and a new cabinetry option, Pecan-Maple hardwood, so that you can design the London Aire in your own distinctive style. The dash has been redesigned for better accessibility to the instruments and a more stylish look. If the finer things in life are what you crave, the London Aire was created for you.

Personalize Your Masterpiece

A masterpiece is a work created with extraordinary skill and artistic achievement — the London Aire qualifies with exquisite style. Inside, you can choose from the lavish decors of Jet Set, Riptide Teal, Lapis Blue, Mineral (Lavender) or a special luxury option, Savannah, to create the ultimate interior that reflects your good taste. The London Aire features beautiful Cherry hardwood cabinets or optional woodworks in Frosted Maple hardwood, Oak hardwood, or, our newest choice, Pecan-Maple hardwood. If contemporary is more your style, Nevamar Impressions® rich deep gloss surface cabinetry adds a decorative flair (available in floorplan 4570). All the style of home, all the excitement of travel, all the quality of Newmar — that's the beauty of the London Aire.

*Lengths, heights, widths and dry weights are approximate. Weight will vary based on optional equipment added to the above base weight.

Typical Construction Features

For construction representation purposes only. Models may differ from what is pictured.

Because of the weight of a Diesel Pusher engine, Newmar adds a bridge-like truss structure that eliminates undue stress on the sidewalls.

1. Stylish one-piece fiberglass front cap
2. Welded aluminum crowned roof structure with 16" on-center framing
3. True central air conditioning
 - Insulated ducted distribution and return
4. 1" tubular aluminum rafter with full joint weld
5. Exclusively designed slideout header for added strength
6. Fiberglass batten insulation
7. Brite-Tek or fiberglass roof
8. Exclusive slideout roof dam channeling water run off
9. Aluminum or fiberglass wrap
 - Additional aluminum reinforced extrusion connecting sidewall to roof over most slideouts
10. 1.5" C-channel aluminum studs with punched holes allow for:
 - Ventilation
 - Wiring to run through the sidewalls for convenient receptacles
 - Reduced weight
 - Increased strength of the stud
11. Aluminum sidewall structure with 16" on-center framing
12. Composite one-piece gel coat exterior sidewall
13. Stylish one-piece fiberglass rear cap
14. Molded wheelwell liners in most units
15. Tinted safety glass
16. Electric rack and pinion slideout
 - Flush floor slide
 - Automotive-style double bulb seal
17. Plush carpet
18. Carpet padding
19. 5/8" floor decking
20. Fiberglass batten insulation
21. 2"x 3" wood stringer
22. Fiberglass batten insulation
23. Kraft paper (vapor barrier)
24. 5/8" bead foam
25. Plywood interior wall board
26. Welded interlocking top and bottom rail to sidewall stud

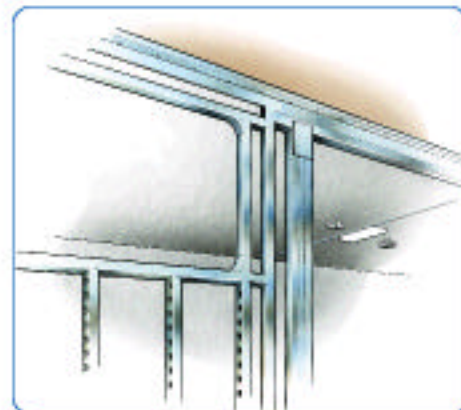

Construction Features

1 to 26

Beneath the Surface

At Newmar, our relentless pursuit of quality is a source of great pride. That's why we're not afraid to reveal what we're really made of. When you look below the surface you can see our construction is unlike any other. We don't take short cuts, we construct. Our units are framed like the framing in your home. No matter which model you buy, each Newmar motorhome is assembled on the same production line, built with the same high standards and care. Newmar Quality: A Way of Life, and we mean that from the inside out.

We prefer sidewall framing 16 inches on center with aluminum studs. Why? Because this construction provides room for more insulation and allows wall outlets to be positioned like those in your home. In addition, this sidewall doesn't depend on the lamination process for its strength.

36 Months
OR
36,000 Miles

The Best Warranty in the Industry

Delivering on Our Promises

The Newmar warranty is as straightforward and honest as our philosophy — build an excellent product and stand behind it all the way. We take pride in the fact that our 36-month or 36,000-mile, bumper-to-bumper limited warranty is the best in the industry. Being the best has many advantages. Not only do our customers go home with confidence and peace of mind, they go home with a warranty that is easy to read and understand, with no hidden fine print or confusing language.

At Newmar, we engineer quality into everything we build and require the same high standards of every component we include in our products. So, when you compare warranties, check the fine print. We think you will find our warranty amazingly simple and surprisingly complete... just the way our customers want it.

Exacting quality, simple language, and products you can trust and enjoy. That is the Newmar promise.

*Warranty does not cover tires, batteries or chassis. The chassis is covered by the individual manufacturer's warranty.
