As an added comfort in cool climates, upgrade to the optional PrecisionTemp™ LP Hot Water Heater and Hydronic Heating System. It provides instantaneous, unlimited hot water for regular use, as well as whisper-quiet space heat efficiency for the coach. You can also stay warm and cozy in front of the optional fireplace available with a beautiful Corian® hearth.

The well-appointed entertainment center comes complete with an LCD TV (32-inch or 37-inch, depending on floorplan) and Surround Sound system with DVD, CD and AM/FM stereo tuner, pre-wired satellite hook-up and optional high-definition wiring. An optional universal remote makes channel surfing even easier. When you need to logon, rest your laptop on the desk located just below the television on select models.

Another Newmar Innovation, the Slideout Cog Wheel, was designed for a fuller engagement of the gears to prevent common gear slippage. The complete slideout system – from the superior-strength foundation through

the durable high-torque motor mechanism, to the independent operation and the unique self-storing travel-lock arms – is designed to provide years of convenient, smooth, dependable service.

Savor a scrumptious meal or contemplate winning chess moves at the freestanding Super Slider hardwood dinette. The opulent chairs house all your miscellaneous travel needs thanks to the in-seat storage.

# Delighted

From the cathedral overhead compartments to the fully adjustable slideout pantry shelves, the raised-panel hardwood cabinets offer ample space and rich beauty.

Create any cuisine with state-of-the-art appliances, such as the raised-panel, optional four-door Norcold® refrigerator with water dispenser; convection microwave oven; and flush-mounted, recessed three-burner cooktop with electronic ignition.

Decked out in indulgent leisurely style, Kountry Aire features optional ceramic flooring for absolute grandeur and durability. Polished Corian® countertops, sink and range covers with radius curves take the edge off your kitchen duties.

I haven't slept like this in ages! Sure, we're having fun on our trip, but with a bedroom suite like this it's sometimes hard to tear myself away. The spacious bed, suede comforter and hardwood headboard make this room so rich and inviting. The ample storage in the closet, under the bed and in the bureau actually holds all my outfits. (Can you believe that?) And don't get me started on the shower. I won't want to go home! Chat with you later,  
Suzanne

Lose yourself in the roomy one-piece fiberglass shower with privacy rain glass, molded seat, adjustable-height showerhead, courtesy light and skylight.

We took this picture of ourselves. We're having so much fun that it's like we're newlyweds again!

# Examine the Quality Construction

(A) The Optional Rear Ladder provides easy access to the strong, BriteTEK™ covered walkable rooftop.

(B) Expansive SuperStorage™ Pass-Through Storage Area is heated and lighted. It boasts a pullout storage tray, a handy cargo hook, cargo net and three-way access. Hydraulic assist struts on the compartment doors allow for easy loading and unloading of items and are adjustable for hold-open heights.

(C) Frameless Windows are an optional feature with double panes and tinted safety-glass for added beauty, energy efficiency and protection.

(D) Manually Operated Sliding Porch with triple step and handrail is standard. It provides a wider platform for safety and stability entering and exiting the coach. A power option to the porch (shown) is also available with easy-to-reach controls in a weatherproof compartment.

(E) Kountry Aire Tows Dependably on Dual Tandem Axles and 16-Inch UniRoyal® Tires as standard equipment. MOR/ryde® suspension cushions and absorbs road shock to provide a softer ride and smoother, safer towing. Stainless steel wheel simulators are standard, too.

(F) MOR/ryde® Pin Box allows you to enjoy a smooth, comfortable towing experience. The optional pin box diminishes the transfer of forces from the fifth wheel to the truck, acting as a cushion to reduce the effect of road shock.

(G) The PrecisionTemp™ LP Hot Water Heater and Hydronic Heating System option is a compact, lightweight unit that serves up unlimited hot water and hydronic space heat for your RV. This powerful 55,000 BTU, clean-burning upgrade boasts 35% more fuel efficiency than standard propane systems. Its dual-purpose heating system provides continuous hot water while maintaining the temperate comfort levels needed in the coach.

## EMD Extra Mile Differences

Newmar Pioneered and has a Patent on the Flat-Floor Slideout.

Sliding a room in and out poses some out-of-the-way engineering and sealing challenges to do it right. Newmar developed an improved slideout wedge roof design that forms a tighter closure when the room is extended. A specially developed double-bulb, superior-memory seal provides protection from outside elements and insects, and sweeps off debris on room retraction.

# Experience

the Difference

**FMD**  
Extra Mile Differences

An Incomparable Superstructure, the Kountry Aire Chassis is designed and built by Newmar with stronger steel, extra reinforcements and additional welds to make it exceptionally robust. The huge 12-inch steel I-beams provide superior Moment of Inertia (stiffness) and Section Modulus (bending stress) over smaller, thinner I-beams and stacked tube steel. Engineers take advantage of the entire height of the I-beam to attach full 12-inch steel outriggers for extended stability and strength. Many other outriggers are partial-height. Newmar believes that a home on wheels should start with a solid and stable foundation.

Your Kountry Aire fifth wheel reflects Newmar's long history of product innovation and industry "firsts." You can depend on the exacting standards and meticulous care by which this fifth wheel is built. It's a showcase for Newmar excellence.

Extra Mile Differences

The Newmar-Originated Slideout, with its 2x4 steel rails and massive reinforcement, is the strongest, most reliable and most durable on the market. A superior-strength platform results from welding hefty guide rail tubes to both mainframe rails and welding extra reinforcement into the system. Closed-channel frames keep small animals and outside debris from entering the coach.

# FMD

Extra Mile Differences

Newmar-Made Skid Bars are a lot different from the flimsy ones that are more commonly used. Constructed of thick bar steel and reinforced with even more steel, this is the super-duty, real-world version to help protect the RV underbelly from abruptly angled roadway approaches. A Newmar exclusive.

Extra Mile Differences

**Kountry Aire Floors** are extraordinarily heated, double insulated and constructed using 24-foot continuous run sheets of Weyerhaeuser sub-flooring. Fewer seams reduce the infiltration of noise, moisture, and outside heat and cold. Most other RV floors are insufficiently heated in the extremities and pieced together with 4-foot sheets.
