Every Newmar coach is crafted with purpose, tailored to you, and backed by unwavering support. This relentless pursuit of excellence shapes everything we do. From the precision of our engineering to the responsiveness of our service. From the innovation in our designs to the personalization that honors our customer’s vision.

## PRODUCT FEATURES

### Residential Build

At Newmar, we craft every coach with the same proven techniques used in quality residential construction. Strong, layered sidewalls pair with precisely placed C-channel aluminum studs set 16 inches on-center, while a robust truss-built roof protects your investment for the long haul. Inside, premium flooring adds stability and comfort, and durable aluminum-framed windows are built to stand the test of time, coming together to deliver a coach made to last.

### Masterpiece Finish™

Every Newmar coach is finished with our Full-Paint Masterpiece Finish™, an industry-exclusive process crafted with premium BASF paints and applied entirely within our own 45,000-square-foot paint facility by skilled Newmar artisans. We were the first RV manufacturer to offer full-body paint across every model we build—a testament to our unwavering commitment to quality and our belief that your motorhome should be as beautiful on the outside as it is welcoming on the inside.
