PRODUCT FEATURES

STAR Foundation

Your foundation for confidence begins with stability. The exclusive STAR Foundation delivers both strength and serenity through its precisely engineered steel superstructure. Carefully welded to every luxury chassis, you'll experience a ride that's both quiet and more stable.

Residential Build

At Newmar, we craft every coach with the same proven techniques used in quality residential construction. Strong, layered sidewalls pair with precisely placed C-channel aluminum studs set 16 inches on-center, while a robust truss-built roof protects your investment for the long haul. Inside, premium flooring adds stability and comfort, and durable aluminum-framed windows are built to stand the test of time, coming together to deliver a coach made to last.

Comfort Drive™

The freedom of the open road deserves control that matches your confidence. Standard on every diesel pusher and luxury model, Comfort Drive™ with Passive Steer technology puts car-like handling at your fingertips—because your journey should be defined by discovery, not compromise.

Masterpiece Finish™

Every Newmar coach is finished with our Full-Paint Masterpiece Finish™, an industry-exclusive process crafted with premium BASF paints and applied entirely within our own 45,000-square-foot paint facility by skilled Newmar artisans. We were the first RV manufacturer to offer full-body paint across every model we build—a testament to our unwavering commitment to quality and our belief that your motorhome should be as beautiful on the outside as it is welcoming on the inside.

NEWMAR SERVICE

At Newmar, we deliver a seamless service experience designed to get you back out on the road as soon as possible. It's all about providing you with an uncompromising service experience from the day you take delivery of your new home on wheels.

THE NEWMAR CUSTOMER EXPERIENCE

The Newmar Difference™ goes beyond our industry-leading motor coaches to provide you with an unrivaled ownership experience.

Crafted with Purpose

Every Newmar is crafted one at a time by folks who have spent an average of eight years building them. Each coach we assemble must undergo more than 1,000 tests and checks before ever leaving our factory.

The Highest Standards

We view our dealership network in terms of quality, not quantity. Each of our dealers acts as a partner in our shared mission to exceed your highest of expectations, for an ownership experience that's second to none from day one.

Built Around You

As a Newmar owner, you'll find resources specific to your coach through Newgle, an easy-to-use knowledge base that houses everything from user guides to technical support documents.

More Than a Number

Meet fellow owners through the Newmar Kountry Klub, a top social club for RV travelers that hosts rallies and other special events throughout the U.S. and Canada.

Seamless Service

When you join the Newmar family, we pair you with a dedicated service specialist with expert knowledge of your exact coach. Our service specialists guarantee dealer warranty authorizations within four business hours and ship all in-stock parts the same day, free of charge.

Without Compromise

All models include a one-year/unlimited mileage limited warranty and a five-year, non-transferable structural warranty that covers your coach's superstructure in the event it fails to perform. Ask your Newmar dealer for more details.
